

Readings

Print your own challenge card!

Steps may vary depending on your PDF viewer, device, and printer. We suggest that you get familiar with these first before printing.

1. Open the downloaded PDF file from your device.
2. Select **Print** or choose the printer button in your PDF viewer.
 - On a Mac: press **⌘ + P**
 - On Windows: press **Ctrl + P**
3. From the printer options, select your personal printer model. Check that paper size selected is **A4**.
4. Set the print scale to **100% scale** or **Actual Size** (*not* Fit or Fit to Page). This ensures your design prints at the correct dimensions.
5. Select **Print** to start printing

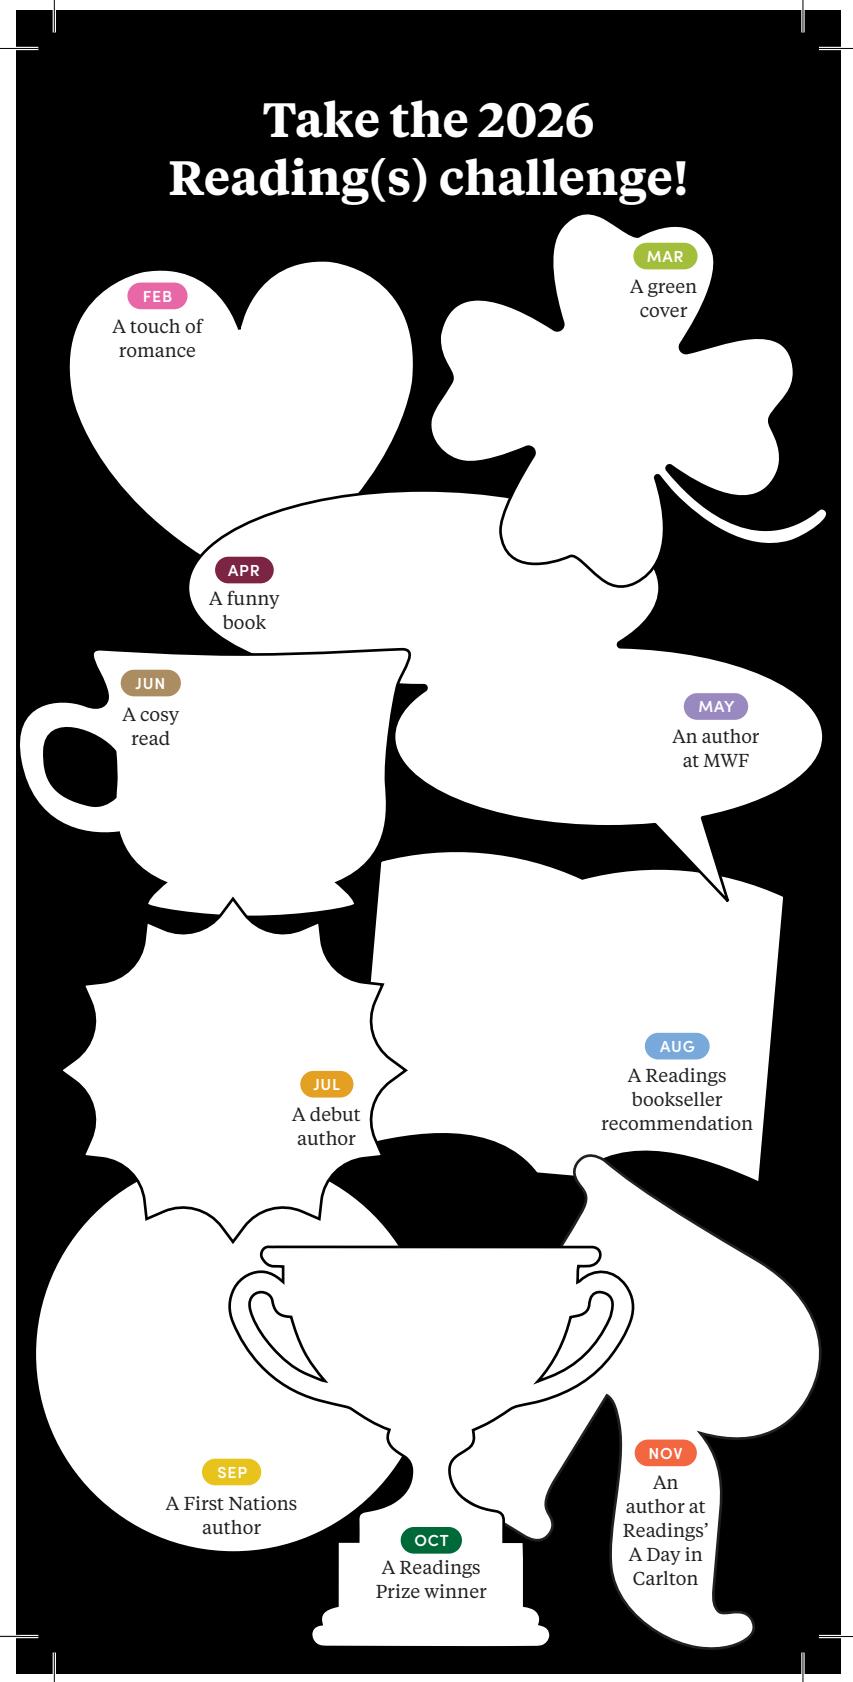

Trim your card

Using a ruler and blade:

- Place your page on a protected surface (like a cutting mat or a thick piece of cardboard).
- Line the ruler up with the crop marks and use your blade to cut from the inside edge of one crop mark to the other.
- Repeat for all four edges.

Using scissors:

- Line a ruler up with the crop marks and use a pencil to lightly draw a guide line.
- Repeat for all four edges.
- Use these guide lines to cut out your card with scissors.

Share and win!

Show us how our prompts inspire your reading! Each month we are giving away a \$30 Readings gift card to one lucky winner. To enter, complete the month's prompt and fill out the card. Then snap a picture and share it to Instagram. Make sure to tag @ReadingsBooks and use the hashtag #ReadingsChallenge2026 so we don't miss it.

Terms and conditions

There will be one winner per month and the winner will be announced on @ReadingsBooks Instagram stories each month. Entries for each month's draw will close at 11.59pm on the final day of that month. For full T&Cs, head to readings.com.au
